CAREER SUMMARY

Computer Science undergraduate (B.Tech, 2026) specializing in Cybersecurity, IoT, and Blockchain, with strong foundations in software application development, coding standards, and problem-solving. Skilled in Python, Java, and C with hands-on experience in designing, developing, testing, and deploying user-focused applications. Adept at working in team-based and independent settings, balancing multiple priorities, and ensuring high-quality deliverables. Eager to contribute to real-world software projects and grow through structured learning opportunities.

SKILLS AND STRENGTHS

- **Languages:** Python, Java, C, Javascript, HTML, CSS
 - **Database:** MySQL
 - **Concepts:** DSA, OOP, OS, DBMS, Software Engineering models
 - **Tools & Platforms:** Git, Github, Linux, Bootstrap, Microsoft Office Suite, Google Workspace
 - **Other Skills:** Analytical Thinking, Problem Solving, Collaboration, Adaptability, Critical Thinking, Communication, Decision Making
-

EDUCATION

Maharaj Vijayaram Gajapati Raj College of Engineering

Specialization: Cybersecurity and Internet of Things with Blockchain Technology

CGPA: 8.5/10

May 2026 (Expected)

Sri Chaitanya Junior College, Visakhapatnam *Intermediate (Math, Physics, Chemistry)*

90.6%

June 2020 - March 2022

Sri Chaitanya Techno School, Visakhapatnam *10th Class*

99.5%

March 2020

PROJECTS

Stray Animal Reporting System

- Designed and developed a scalable web platform using HTML, CSS, Bootstrap, and MySQL.
- Implemented modular coding standards and tested features for reliability and integration.
- Enhanced collaboration by building user-focused applications to improve real-time reporting.

FarmEase: Disease Detection & Fertilizer Planner

- Built an AI-powered multilingual crop health assistant with chatbot support.
 - Applied automation frameworks and testing practices to ensure accuracy and software performance.
-

CERTIFICATIONS

- Salesforce Developer Virtual Internship
 - CISCO Virtual Internship Program in Cybersecurity
 - Industrial Internship – Cybersecurity, HMIES Solutions Pvt. Ltd.
 - CCNAv7:Introduction to Networks
 - Deloitte Cyber and Technology Job Simulation
 - BRAINOVISION International Level Student Workshop
 - NPTEL-Leadership and Team Effectiveness , Cloud Computing
-

LANGUAGES

English (fluent), Telugu (native), Hindi (basic)

VOLUNTEERING EXPERIENCE

- Organized campus events with cross-functional teams, demonstrating project management and collaboration.
- Participated in Visionova Hackathon, applying critical thinking and problem-solving to optimize application performance.
- Active contributor in peer learning, fostering a culture of adaptability, teamwork, and continuous learning.
